

Permission Form

Important information to know about the BODY WORLDS exhibition:

The BODY WORLDS exhibitions rely on the generosity of body donors, individuals who made declarations of will and gave their legal consent that, upon their death, their bodies could be used for educational purposes in the exhibition. All of the full body plastinates and the majority of the specimens are from these body donors; some specific specimens that show unusual conditions stem from old anatomical collections.

- Most are without skin so you can see the bones, muscles, tendons, nerves, blood vessels and organs. Eyes and genitals of the bodies remain. Written descriptions accompany specimens.
