

APRIL 24–29, 2017

*Greetings from the Honourable Eleanor McMahon
Minister of Tourism, Culture and Sport*

I am delighted to welcome everyone to the third annual Sault Ste. Marie Science Festival, presented this year by Science North as part of the commemoration of Ontario's 150th anniversary.

I encourage everyone to come out and participate in all the wonderful educational and fun activities that are part of this event. You'll learn about science and technology, re-engage with the natural world around you, and be inspired to become one of our next generation of innovators.

The Government of Ontario is proud to support this festival through the province's Ontario150 program.

I applaud all the work that Science North and its partners have done to bring this event to you, and I wish everyone an inspiring and successful festival.

All my best,

A handwritten signature in black ink, which appears to read "Eleanor McMahon".
